

**Capital Area Coalition on Homelessness (CACH) CoC PA 501 – POINT IN TIME SURVEY – 2022**

The US Department of Housing and Urban Development (HUD) annually conducts a “Point In Time” (PIT) census of persons experiencing literal homelessness utilizing housing and homeless service collaboratives in jurisdictions known as Continuums of Care (CoC). The PIT counts persons who sleep overnight unsheltered or in a place not meant for human habitation, at an emergency shelter, a homeless transitional housing program, or subsidized at a hotel due to homelessness. The census comes from homeless programs and outreach surveys and is conducted on the last week of January. **In Harrisburg and Dauphin County, Pennsylvania, the 2022 PIT was for the night of January 26, 2022.**

The Point in Time charts generated by HUD in this report are categorized by three household types. 1.) unaccompanied person(s) without children, 2.) households with children, or 3.) minors not associated with a family. Additionally, the PIT distinctly enumerates Veterans experiencing homelessness, Youth ages 18 to 24, unaccompanied minors, disabilities and persons fleeing domestic violence

The count from 2021 to 2022 shows a marked increase in total homelessness in all categories. However, it must be noted that the previous PIT in 2021 was conducted in the middle of the COVID-19 Pandemic, with an eviction moratorium that stopped some homelessness and affected shelter capacity due to social distancing and the limited ability to move people out of shelter into a frozen housing market. The change in total homelessness from the PIT in 2019 to 2020 (which was before the Pandemic declaration) and directly to 2022 is slight to negligible. Despite that, increases are still significant in unsheltered census in part due to better counting including at a day shelter, and also with Veterans being sheltered.
